VII. RECERTIFICATION/INTERIMS AND CONTINUED OCCUPANCY

Annually, and at interim periods as circumstances may prescribe, the tenant will furnish information and certifications to the Housing Authority of Billings as to family income, employment, and composition, for use by the Housing Authority of Billings. This data will be used for determining if the rent should be changed and if the dwelling unit size is still appropriate for Tenant's need.

A. Income-Based Rent Method

Policies that govern the use of the income-based rent method will dictate that rent, as fixed at the time of initial annual certifications or re-certifications, will remain in effect for the period between regular rent re-determinations unless during that period any of the following occur:

1. Change of income or allowable expenses occurs which results in a change in rent. Other changes listed in B. 1 below must be reported to the Housing Authority of Billings within 30 calendar days of the occurrence. See Section X for definition of Annual Income.

2. It is found that the tenant has misrepresented the facts upon which rent is based, and the tenant is paying less than they should have been charged. In this case, the increase in rent will be made retroactively.

3. If at the time of admission or re-examination, due to unusual circumstances, projected annual income cannot be determined with any reasonable degree of accuracy, a temporary rent for a specified period not to exceed 90 days may be established. At the expiration of the specified period or such earlier time that the income becomes stable, a new rent will be established.

B. Interim Reexamination

1. Families are required to report all changes in household income within 30 calendar days of the change occurring. The family must notify the PHA of changes in writing on the prescribed change form. All changes must be reported by the 15th of the month. Documentation to support the reported change is required at the time of the change submission.

   If the family share of the rent is to increase:
   
   The increase generally will be effective on the first of the month following 30 days’ notice to the family.

   If a family fails to report a change within the required time frames, or fails to provide all required information within the required time frames, the increase will be applied retroactively, to the date it would have been effective had the information been provided on a timely basis.

   If the family share of the rent is to decrease:

   The decrease will be effective on the first day of the month following the month in which the change was reported and all required documentation was submitted. In cases where the change cannot be verified until after the date the change would have become effective, the change will be made retroactively.

2. Changes in rent resulting from a scheduled reexamination are to be effective on the anniversary date of the lease.
