HAB Community Gardens Project News

Summer Issue

July 2014

Calling All Volunteers!

The HAB Community Gardens Project is always in need of help from our Billings community, from basic garden care to teaching classes about gardening, nutrition, and cooking. If you have skills, knowledge and/or just some time to share, come join us to help grow gardeners!

HAB Gardens Are Growing Strong!

The HAB Community Gardens Project has expanded each of its three garden sites: **Whitetail Run** in the Heights, and both **Pleasantview** and **St. Johns** in the West End. We have also built a new pumpkin patch next to our Whitetail Run Garden, so keep an eye out for our pumpkin sales in the fall!

Do you know about all of the community gardens in Billings?

Here's your chance to find out!

Billings is showcasing its community garden projects on

Saturday, August 9th, 2014, 5-9pm.

Families will start at Good Earth Market, where they will receive a list of about 10 local gardens, including their names and locations. Participants will then visit as many of these gardens as they can. At each garden, there will be an activity and a raffle.

HAB Gardens is participating by opening its Whitetail Run Garden to the public. Come on out to enjoy music, food, and overall good fun!
