## Parade of Gardens Event A Success

Thank you to all who attended last month's **Parade of Gardens** event hosted by nearly a dozen community and school gardens around Billings. Over 50 people visited participating garden sites to learn about food production, play games like garden scavenger hunts, and enjoy delicious food. The Whitetail Run Garden of the HAB Gardens Project was a participating garden, and we had the pleasure to share our garden with over 30 members of the Billings community. Thank you all!

If you missed this event, stay tuned for next year's Parade!
